

Project Proposal: “Livelihood & skills enhancement program of BIT major subject in the New Normal”

Author: Warren S. Celoso, EdD

Co-Author: Engr. Gemma Angelias, Dr. Dennis Ledesma, Dr. Ma Consuelo Y Yap & Anthonieta Baitan

Rationale

The name of project is “Livelihood & skills enhancement program of BIT major subject in the New Normal” a project which involve skills and livelihood program with the integration of Values Formation and Disaster Risk Reduction Management for the out-of-school youth, Person With Disabilities (PWD) and Person Deprived with Liberty PDL Returnee within the city of Roxas. The tools and equipment to be provided were determined by the Trainer's of CapSU. The fund will be released to the proponent, the Local Government Unit of the Barangay who will undertake and implement the livelihood project.

This activity aims to provide learners with opportunities to learn new skills which can be potential sources of livelihood for productivity, self-sufficiency and sustainability.

There will be 15 to 30 participants selected by the Punong Barangay and key officials of the said Barangay in the observance of IATF Health Protocol to avoid spread of Covid-19 while conducting the activity.

Objectives:

1. To provide livelihood activity through skills training within Barangay of Roxas City
2. To educate and strengthen Communication Skills and Information Dissemination within Barangay of Roxas City.

Approaches/Methodology:

1. Conduct survey visit to the adopted or target beneficiaries/clientele.
2. Interview and consultation
3. Needs Assessment
4. Plan out proposed activity/budget
5. Actual Demonstration and Training proper
6. Evaluation/Assessment
7. Monitoring
8. Impact assessment

Proposed Budget and Duration:

Services	Budget	Duration
Trainer (Skills, Livelihood Training & IEC materials) • Assorted • Information	500/2 days = P10,000 Per Trainer (10)	Series of Activity will

Dissemination		be implemented in the duration of 1 year round with 6 months Monitoring, Evaluation and 1 year Impact Study
Materials: (Participant)		
- Assorted - Information dissemination - Tools/Equipment - Modules	P15,000 P4000 P5000 P2000	
Foods (Trainer)		
- Snacks - Lunch	P5000 P7000	
Transportation	P2000	
Grand Total	P50,000	

These set of tools and equipment provided by the CapSU Extension and the Implementer that could be used in livelihood projects and skills training as stated above. The project can be directly manage by the beneficiaries were they could put up a Wholesalers and Retailers avenue and also a self-employed business. The expected costumer of this type of business is a walk in costumer, and made to order product. The transaction of the business has two strategically system, one is by labor and materials package (pakyaw system), and another one is by labor only, on this type of transaction the costumer is responsible to provide the materials of the project and they have to pay only the labor. The income of the project could help to the daily needs to the family of the beneficiaries.

Work plan

Activity Month	Year 2022 - 2023					
	Nov	Dec	Jan	Feb	Mar	Apr

7. Conduct livelihood skills training						
8. Entrepreneurship Mind Set						
9. Monitoring and Evaluation						
10. Impact Assessment						

Promotion Strategy:

The services will be promoted by the local government units of the Barangay and thru the cooperation of Department of Labor and Employment (DOLE). Department of Trade and Industry (DTI) will also be providing a space for allowing the handmade crafts or product of every trainee to be displayed in order to sale or commercialize the product for income generating project of the community and help their daily financial needs.

CapSU Extension Office will also refer clients/customers for commercialization of the product and will be posted in the Barangay premises to advertise the services.

Monitoring and Evaluation

Record keeping will be maintained to keep track the expense vis-à-vis assessing the economic return/impact of the project in the end.

The expenses of the training conducted by the Capiz State University Main Campus was shouldered by the Extension office as per prescribed/requested to the allotted budget. The availability of transportation vehicle of the Extension Office, training materials, lunch and snacks of the trainers for are to be in partnership of the Barangay and CapSU Main Extension Office.

Capiz State University Extension Office through its representative trainers identified set of tools and equipment that the beneficiaries can start their transaction, if transaction requires more tools to be used, beneficiaries will borrow from their co-beneficiaries and later on they will buy their own tools.

Outputs and Impacts

The finish product is based on the design or blueprint approved by the client or prospected costumers. Process or procedure of works is in line with working standard were strength, durability and safety is highly considered. Along with the continues effort of the beneficiary of the said training will also be evaluated in order to meet the demand of the client for satisfaction.

Summary/Sustainability:

Constant monitoring of the LGU and partly of the CapSU through its representative under its extension program will make the beneficiaries felt of their presence and guidance. Considering that this is the government intervention to solve the problem brought by poverty, a simple tap on the beneficiaries' shoulder whenever they did right will boost their moral. Giving them constructive criticism will they felt the challenge and giving them reward for the job well done will make them to strive more. By following the business plan this will guide to a clear and exact direction of managing the business.

As stated in the Memorandum of Understanding (MOU) that the proponent shall submit complete report (Report of Disbursement duly verified by the Implementing Auditor) to LGU within (30) days from receipt of the beneficiaries of the grant assistance from PROPONENT together with copies of Credit Notice and/or Notice of Suspension/Disallowance. The proponent shall also return to LGU any unused funds or savings immediately after project completion and any disallowed amount as a result of financial audit by the LGU and/or the Commission on Audit.

Monitoring shall start thirty (30) days from the release of the assistance to the beneficiaries for the duration of (6) months to (1) year. The Office of the Barangay will do the monitoring and Capiz State University Main Campus will do a follow-up as intervention. The results of monitoring will be presented and discuss to the project management team (CapSU and the Representative of the Barangay).
