(8) Rationale (include the situation before intervention)
Roxas City, Capiz as Seafood Capital of the Philippines, having 40 public elementary School a total Population of 179,292 as of 2020. Arts are not known very well in Roxas, unlike Iloilo, Bacolod and Cebu City, with that Capiz State University Artists' Guild and BIT extension program promote arts appreciation and art education campaign as one of the goal of extension and intervention program of the university to the community.

Without proper orientation, education and training a pupil participants could not able to achieve her/his goal in life especially in terms of art competition including art display/exhibit as well as for enrolling in Drafting, Fine Arts or Architecture courses. Proper values and influence of other people who become successful in art can arouse oneself to improved and accept the challenge of having difficulties in art practices.

In answer to this problem, Capiz State University BIT program major in Drafting technology formulated the theme refers to “**Industrial Technology – Mobile Art School” (IT-MAS)** under the banner of Industrial Technology Extension program **BEST** (Building Employability and Sustainability through Technology) and anchored with the University Extension Program **SKAI** (Serbisyo sa Kumonidad Aton Ihatag). The project is supposed to equip with the integration of values formation, art education and art appreciation. The participants of this skills training were grade 4 and 5 public elementary pupils having without much knowledge/understanding in basic sketching/ drawing, color combination and acrylic/ watercolor painting.

(9) Project Description, Implementation date/duration, and Objectives

Project Description

As mandated by the Commission on Higher Education, the Capiz State University responded to the call for social transformation (RA 7722) through its extension program. The aim is to serve the poorest of the poor, the less privileged, the deprived and the oppressed through livelihood skills training, values formation, and the like.

The Industrial Technology of CapSU Main promotes community-based extension activity and penetrates more barangays extension projects within the city of Roxas. To further disseminate information, lecture on values formation, and marketing strategy, and provide livelihood skills training which has impacts on the community.

Anchored to the University Extension program, “**Serbisyo sa Kumunidad Aton Ihatag” SKAI** in connection with the BIT extension program **BEST (Building Employability and Sustainability through Technology)**, an offshoot from the collaborative efforts among CAPSU Main extension services, faculty and students.

The department committed a poll of experts and staff to provide assistance and consultancy services to facilitate the implementation of the identified programs, projects and other activities directed to the communities. This program has been designed to sustain the community extension services of the industrial technology program.

In coordination with the Public Elementary School Principals/focal persons assist to determine the clientele need for improvement in terms of Art primarily drawing, painting as well as Mural Painting.

Implementation:

Before the implementation of the project, conduct of visitation with interview to the Principal and focal person in Mapeh with the invitation of the pupil participants. Giving of TNA in consonance to the protocol of extension program, for them to know what are the most preferred activity they will be requesting and for approval. After the consolidation of the data collected, the extension coordinator with extension implementers formulated the data to determine the pupils participants who will be participating the said activity. The proposed budget of the activity was approved by the SUC President with the different signatories from the RDE heads and accounting office of CapSU Main Campus.

Training Need Assessment	Interview and Consultation (Before the Implementation)	During the Training
1. Basic Sketching/Drawing	50	25
2. Color Combination in Watercolor Painting	45	25
3. Acrylic/Mural Painting	35	25

Before Intervention (Issues/Concern)
1. Without much knowledge
2. Having not qualified Art Teacher
3. Without much Interest
4. Non participative
5. Discrimination from peer
6. Stress in making artwork
7. Gender and Sensitivity problem
8. Impatient
9. Gadget

Before Intervention (Issues/Concern)	Gender	
1. Basic Sketching/Drawing	Male	10
	Female	15
2. Color Combination in Acrylic Painting	Male	12
	Female	13
3. /Mural Painting	Male	8
	Female	17

Date and Duration:

The skills training on Basic Art Workshop such as drawing, painting and Mural Painting is under the **IT-MAS** project of the Bachelor of Industrial Technology program spearheaded by the drafting faculty and students were conducted simultaneously for three (3) days at the Banica Elementary School on March 14-16, 2024. Each Training/Activity will have 25 participants who are grade 4 and 5 public elementary pupils of Banica Elementary School.

OBJECTIVES OF THE STUDY:

1. To conduct skills training in Basic Art workshop with the integration of values formation within the City of Roxas.
2. To evaluate and monitor livelihood skills training in Basic Art workshop with the integration of values formation within the City of Roxas.

Activities Conducted	2022-2023 25 Recipients (Before the Training)
1. Basic Sketching/Drawing	18 grade 4 pupils - (Category A) 3 grade 5 pupils - (Category B) 4 grade 5 pupils - (Category C)
2. Color Combination in Acrylic Watercolor Paintng	16 grade 4 pupils - (Category A) 5 grade 5 pupils - (Category B) 4 grade 5 pupils - (Category C)
3. Acrylic /Mural Painting	20 grade 4 pupils - (Category A) 5 grade 5 pupils - (Category B)

RUBRICS

Criteria	Description
Category A - Without Experience	No Background about the Activity
Category B - Average Experience	Not much aware of the preferred activity
Category C - Less Experience	Never get involved in participating the training

INTERVENTION

Conduct survey visits to the adopted or target beneficiaries/clientele.

Interview and consultation

Needs Assessment

Plan out the proposed activity/budget

Actual Demonstration and Training proper

Evaluation/
Assessment

Monitoring

Impact assessment

(10) Strategies employed (this may include activities to attain the objectives)

Participants profiles will be gathered, and a pre-test will be conducted before the training. On the other hand, a training evaluation and post-test will be given after the training period. Regular monitoring will be conducted after three to six months and six months thereafter, which will be done via text, call, messenger, or actual visit to the area.

(11) Results (extent of the accomplishment of the objectives) include unintended outcomes whenever available

RUBRICS (Part 2)

Criteria	Description
Category A - Performed Well	Actively Participated and joined very well in the training conducted
Category B - Difficulties in adapting the skills	Did not seriously learn ideas, skills from the activity
Category C - Continuing to adapt & learn the training	They wanted to keep on practicing and focus on training

Activities Conducted	2022-2023 25 Recipients (After the Training)
1. Basic Sketching/Drawing	20 grade 4 & 5 pupils - (Category A) 5 grade 4 pupils - (Category B)
2. Color Combination in Watercolor Painting	19 grade 4 & 5 pupils - (Category A) 6 grade 4 pupils - (Category B)
3. Acrylic/Mural Painting	15 grade 4 & 5 pupils - (Category A) 10 grade 4 pupils - (Category B)

Results of the Intervention:

After the training, IT-MAS Industrial Technology Mobile Art School Skills Training on Basic Art Workshop was indeed a successful part of the community extension project of the BIT program in partnership with the Banica Elementary School key officials and participants which also contributed to the improvement of knowledge, awareness of skills, improvement of oneself and somehow become a income generating project of the said Elementary School as well as part of the training for Art competition and exhibit. Still looking forward for the next opportunity and other skills training to be conducted by the BIT Extension program.

Sustainability:

1. Some engaged in Local Art Exhibits and others participate in Local, regional and National DepED Arts Competition.
2. Other former pupil participants enrolled in STEM and TVL as well as SPA and when they are graduated in their Senior High School some of them enrolled also in BIT program and BS Architecture of CapSU Main Campus.

(12) Lessons Learned/Insights Gained

The training conducted by BIT extension program within the said school-community based project complements their perspective in the direction of their basic learning, outlet for education and improvement which resulted to a constant change of their behavior toward work and help their personal perception about art as well.

Also the training further resulted to a large implication to the pupil participants which introduced enthusiasm, self-direction, motivation and encouragement that cause them to grow to be constructive to the following possibility of their personal skills and future plan.

(13) Recommendation/s

1. There are still need of follow up or to undergo another level of competency wherein the pupils will thoroughly masters or finally adapt the needed skills required for their enhancement activity.
2. The support of teachers especially specialized in Mapeh Major, one of the need to consider upgrading the subject taught upon giving or distributing of project output or activity related to Arts discussion.
3. Conduct another baseline study in continuing and implementing extension activity so that their will be a sustainability for future monitoring and evaluation of the project.
4. Continue tracking the challenges meet while the pupils are engaging in art activity or joining art competition.
5. Look for another source of fund especially in sponsoring the materials to be used by the pupils participants to lessen the personal funds of the teachers in implementing this kind of art activity.

(14) Acknowledgments (Include only important persons and institutions involved in funding and conducting the extension activities. Justify paragraphs with main headings in caps.)

To the RDE key officials headed with Engr. Efren L. Linan (Vice President, RDE), Engr. Wennie F. Legario (Vice President for Finance & Administration), Prof. Jocelyn Legaspi (Extension Director), Engr. Gemma B. Angelias (Extension Chair-CapSU Main), BIT Faculty Implementers, Extension Secretary Mary Ann Perez, to the Banica Elementary School Principal and Key Officials as partner in the implementation and conduct of the said BIT Extension program and Activity.

(15) References (It should include only works mentioned in the text and should be arranged alphabetically. Citations shall not be less than 13 entries. This must follow the APA latest edition format, in hanging indentation with 12-point space in between.)
