(2) Category (please check) ☒ Education and Humanities ☐ Agriculture/Fisheries/Livelihood ☐ Health/Environment ☐ Engineering and Technology
(4) Background (WHAT, WHERE is the proposed project, WHO will benefit, what PRODUCT/SERVICE will address the identified needs/resources. Introduce the product/service that will address the identified needs and resources (general statement). Introduce the target group, organization/community to be served, and the project beneficiaries briefly. Include related literature consistent with the subject – to make the proposal scholarly) A barangay, historically referred to as a <i>barrio</i>, is the smallest administrative division in the Philippines and is the native Filipino term for a village, district, or ward. The role of a Barangay is to govern and administer within its jurisdiction, providing leadership and performing governmental functions. The barangay serves as the foundation of the Philippines' local government units and implements government projects and undertakings for the community. The Municipality of Sigma then, is politically subdivided into 21 <i>barangays</i> and each barangay is consist of <i> puroks </i> and some have <i> sitios </i>. On the other hand, Capiz State University Sigma Satellite College is one of the satellite campuses of the university and is mandated to perform extension programs, projects and activities to capacitate and help uplift the lives of the Filipino people, specifically the locality where the clientele belongs. Thus, it envisions to be the leading higher academic institution in the province of Capiz that promotes training for educational and economic development. This can be attained through the conduct of responsive, dynamic and sustainable extension services such as skills development, livelihood trainings and seminars, consultancy services and many others. It also aims to develop initiatives that could establish strong partnership and collaborations with partner agencies to assist barangay officials in providing opportunities for capacity enhancement.

As an academe and being a part of the Sigmahanon community, has initiated and conceptualized a program in consultation with the DILG, Municipal Government of Sigma and the LIGA Ng Mga Barangay – Sigma Chapter to enhance the administrative skills in local governance and community development of barangay officials and members of barangay volunteer workers.

HUSAY BARANGAY: BACEP (Barangay Administration Capability Enhancement Program) is an extension program CapSU Sigma that involves the College Director, Program Heads, Faculty and Staff. This program was conceptualized and designed to provide training for continuous development and enhancement and skills and knowledge among barangay officials and other stakeholders. This program recognizes the vital role of barangay officials in local governance and community development. By enhancing their capacity, barangay officials can effectively fulfil their duties, improved service delivery, and promote good governance within their respective communities.

(5) RATIONALE (WHY should the project be implemented? **WHAT need** is the project trying to address? – how the problem is affecting the targeted beneficiaries, previous efforts done and status, any legal bases and related literature supporting the proposed project, link the relevance of the project to development priorities like mandate and development goals, the comparative advantage to handle the project, and **WHY** act now and not later)

Barangay Officials tasks include legislating barangay ordinances, formulating measures for the welfare of the barangay, and assisting in the implementation of projects, are crucial for the smooth operation of the community. For them to be fully equipped with the necessary tools in serving their constituents they need to be capacitated with the necessary administrative skills. In addition, some of these barangay officials are newly elected.

Likewise, Barangay volunteer workers, also has a big role in disseminating information, maintain the peace and order within their respective places as well as assist the barangay officials in running the barangay. They too, should also be capacitated with the skills in performing their roles and responsibilities.

Local Government Code of 1991, R.A. 7160 Sec. 16 states that, “Every local government unit shall exercise the powers expressly granted, those necessarily implied there from, as well as powers necessary, appropriate, or incidental for its efficient and effective governance, and those which are essential to the promotion of the general welfare”. In order that the delivery of service becomes effective and efficient for barangay officials and members of barangay volunteer workers, there is a need to capacitate them with the necessary administrative skills through having trainings and seminars related to this and in accordance with RA 7160.

Capiz State University Sigma Satellite College is one of the satellite campuses of the university and is mandated to perform extension programs, projects and activities to capacitate and help uplift the lives of the Filipino people, specifically the locality where the clientele belongs.

This program and projects was also conceptualized through taking into account the different SDGs that needs to be addressed not only by the academe but by the community as well. The implementation of the said program and projects may answer some of the SDGs set by the United Nations namely: SDG 3 Good Health and Well-Being, SDG 13 Climate Action. These SDGs can be achieved through the conduct of training workshops and seminars related to this, while SDG 16 Peace, Justice and Strong Institutions and SDG 17 Partnership for the Goals can be attained through capacitating our Barangay Officials, Barangay Secretaries, Treasurers and other stakeholders with the necessary administrative capabilities and skills to foster unity, resiliency and peace among their constituents.

HUSAY BARANGAY: BACEP (Barangay Administration Capability Enhancement Program). In vernacular, *husay* means “excellence” through putting law and order in barangay and also speaks about innovations. This program involves barangay officials and barangay volunteer workers that includes Barangay

Tanod, Barangay Health Workers, Lupon Tagapamayapa and other members of barangay service delivery system. The program is divided into two components, namely:

COMPONENT 1: LIDERES Project (Leadership In Delivering Effective, Responsive and Efficient Service)

LIDERES project's target clientele will be the barangay officials, barangay secretaries and treasurers. The trainings and seminars to be conducted will include computer literacy, values formation, transformational leadership, resolution making, minutes and report writing, conflict management, and conduct of consultative meeting and public hearings applying the parliamentary procedures. The trainings/seminars under this will be divided into two modules: Module 1, will include Values Formation and Transformational Leadership. This module is essential in improving the service delivery of barangay officials. Module II on the other hand, will discuss on skills development so that barangay officials may have the overview of the many facets of barangay governance with several programs as provided in social welfare provisions.

COMPONENT 2: SERBISYO BOLUNTARYO: KABAKOD SANG KOMUNIDAD Project (Building a Participative Community through Volunteerism)

SERBISYO BOLUNTARYO: KABAKOD SANG KOMUNIDAD (Building a Participative Community through Volunteerism) project on the other hand, will be for the members of the BVWs (Barangay Volunteer Workers) which consists of Barangay Tanod, BHW, Lupon Tagapamayapa, and Day Care Workers of the municipality. For these volunteers to improve their service delivery system, they need to be capacitated with the necessary skills. Thus, training workshops and seminars will be conducted related to peace and order, disaster preparedness, solid waste management, first aid, mental health and responsible parenthood.

(6) GOALS AND OBJECTIVES (what do you **WANT TO ACHIEVE**? This presents what the proponent hopes to accomplish through the project and what can address the cause of the core problem. Captures changes in people's lives at the societal level – the **IMPACT**. The **BIG PICTURE**.)

The **HUSAY BARANGAY**; (Barangay Administration Capability Enhancement) Program generally aimed to address the need for continuous development and improvement of skills and knowledge among barangay officials. This program recognizes the role of barangay officials in local governance and community development. By conducting trainings, their capacity will be enhanced thus, effectively may fulfill their duties, improved service delivery, and good governance within their respective communities/barangays.

Specifically, it aimed to attain the following objectives under:

1. **Skills Enhancement:** It will provide barangay officials and other stakeholders trainings and workshops to equipped them with the necessary skills such as leadership, communication, conflict resolution and decision making
2. **Knowledge Upgrade:** It will offer sessions on relevant topics including local governance laws, policies and procedures, as well as community strategies to enhance the barangay officials' understanding and competency.
On the other hand, other stakeholders may also avail of the upgrading through the conduct of trainings and seminars under their own capacities.
3. **Capacity Building:** Strengthen the administrative capabilities of barangay officials and other stakeholders.
4. **Networking and Collaboration:** It will facilitate opportunities for barangay officials to network, share experiences, and collaborate with counterparts from other barangays, government agencies and non-government organizations.

			Page	

5. **Sustainability:** It will promote sustainability by integrating principles of environmental and solid waste management, disaster preparedness, and resilience building into barangay administration practices, ensuring the long-term well-being of the community. By implementing the **HUSAY BARANGAY: BACEP** (Barangay Administration Capacity Enhancement Program) together with the other components: **LIDERES** and **SERBISYO BOLUNTARYO: KABAKOD SANG KOMUNIDAD**, aims to cultivate a competent and empowered barangay officials who are equipped of the necessary skills, knowledge and motivation to lead their communities towards sustainable development and prosperity.

(8) PROJECT IMPLEMENTATION AND Monitoring & Evaluation SYSTEM (how will the project be implemented, how will the project be tested if it is working, when - detailed activities to be undertaken by component to generate the outputs, support the description of activities through a matrix or work plan identifying how each activity will be delivered, who will be responsible for WHAT, WHEN, WHERE – state your Activities, Work Plan - Project Schedule supported with a Gantt chart, Project Management [proponent, partners and their roles and responsibilities including counter parting scheme, if any, capacity to handle the project, and accompany with the simple management structure. Provide theoretical background and apply it to the project. Describe how the project will be monitored and evaluated during the planning/pre-implementation, implementation, and operation/post-implementation phases. M&E framework must be accompanied by a **DATA Collection Plan**)

Activities/Methodology

1. Conduct of training needs assessment (Conducting initial interview/consultative meeting with the Municipal Mayor, Local Administrator, MLGOO, President -Liga Ng Mga Barangay and Barangay Officials).
2. Preparation of the proposal, training design and strategies.
3. Preparation of Budget, modules, IEC and training materials.
4. Launching, Orientation and MOA signing between CapSU Sigma Satellite College and partner agencies.
5. Implementation/conduct of training workshops and seminars to the target beneficiaries.
6. Monitoring and evaluation

Work Plan/Gantt Chart

ACTIVITIES	MONTHS											
	F	M	A	M	J	J	A	S	O	N	D
